An academic and cultural adventure you will never forget.

The EducationUSA Academy at the University of Colorado Boulder is a university preparation program for IB, AP, Cambridge, and other academically accomplished international students from public and private high schools. Ages 15-17.

Academics
- Work with recognized academic and professional experts in engineering, international business, and psychology.
- Design a business, product, or service with guidance from a local entrepreneur.
- Build communication, critical thinking, and negotiating skills by working with teams of classmates. (ESL track available.)
- Experience US culture and debate current events.

University Preparation
- Tour area universities.
- Interact with key international admission decision-makers.
- Gain insight on university admission and international student scholarships.
- Develop test preparation skills and strategies for success.

Culture and Recreation
- Hike or ski the majestic Rocky Mountains.
- Breathe clean mountain air.
- Explore the city of Denver.
- Participate in exciting cultural, community, and sports activities.

Campus Life
- Experience university life on the safe, world-ranked campus of the University of Colorado Boulder - one of the most beautiful campuses in the US, and home to 5 Nobel prize winners.
